

Concur

Field	Description
Label	optional
URL	optional
User name	Client_ID
Password	Client_Secret_ID
Default interface	Activation allows the interface to be automatically selected on all company profiles of the agency
Access Token Endpoint	optional
Link existing Sabre profile upon creation from Concur	<p>Link existing Sabre profile upon creation from Concur</p> <p>Example:</p> <p>Profile for Sherlock Holmes exists in Concur with a Sabre Profile ID. The same profile also exists in Sabre already. Upon Faces integration, the Concur push to Faces ensures that no new profile is created in Sabre but rather that it is merged with the existing Sabre profile</p>
