

Amadeus CSX

WSAP

In order for Umbrella Faces to interact with Amadeus CSX, access must be setup by your local Amadeus Office. Please request a new WSAP (WebServiceAccessPoint) for our "Tensing" tool known with certification WO: 8104491..

The WSAP credentials have to be submitted to Umbrella Faces Support Team or your Umbrella Faces Implementation Consultant as soon as you receive them.

Sign In

We are recommending to administrate the Sign In on User-Level to avoid any profile modification/deletion/creations. The manual manipulation of any profile in Amadeus CSX will not be synchronized to Umbrella Faces. Sign In Setup "Rights and Duties"

Sign Attributes Code	Sign Attributes	Value
CPA	CUSTOMER PROFILE REASSOCIATION	N
CPM	CUSTOMER PROFILE MODIFICATION	N
CPN	CUSTOMER PROFILE RENAMING	N
CPX	CUSTOMER PROFILE DELETION	N
PRC	PROFILE RESPONSIBILITY CHANGE	N

Profile Credit Card Display

In case of usage of the Profile import function from Amadeus CSX we recommend to administrate the Sign In Attribute PCD to YES for the Webservices Sign in Username e.g."UOU WSACCE". This configuration will allow to upload Profile Credit card numbers.
