

Release Note - 17. February 2022

OutOfOffice & Substitute

Following two fields will be removed from Umbrella Faces.

The screenshot shows a user interface for managing travel and absence. On the left, there is a list of roles: 'Itinerary / e-ticket', 'Out of office until', 'Substitute', 'Traveller', 'Arranger / Assistant', and 'Approver'. Each role has a corresponding checkbox to its right. The checkboxes for 'Itinerary / e-ticket', 'Traveller', and 'Approver' are checked (blue checkmarks). The checkboxes for 'Out of office until' and 'Substitute' are unchecked (empty boxes). To the right of the 'Out of office until' and 'Substitute' roles, there are input fields. The 'Out of office until' field contains the text 'Out of office until'. The 'Substitute' field contains the text 'Substitute' and has a magnifying glass icon to its right. Below the 'Out of office until' field, there is a label 'Last date of absence'.

Itinerary / e-ticket	<input checked="" type="checkbox"/>
Out of office until	<input type="text" value="Out of office until"/>
Substitute	<input type="text" value="Substitute"/> 
Traveller	<input checked="" type="checkbox"/>
Arranger / Assistant	<input type="checkbox"/>
Approver	<input checked="" type="checkbox"/>

Up until now those two values have been available as read only attributes.

For the time being we keep them as 'empty' values in the API, however we are going to **remove them on May 31st, 2022.**

If you are using the values out of those two fields, we kindly ask you to make the necessary changes before the end of May.
